

Jordanian Arabs in Jordan

A minority of Jordanian Arabs are highly educated and serve in the highest levels of society. The middle-class work in businesses, factories, education, and as government employees, but most Jordanian Arabs live at the poverty level. They work in agriculture on land owned by others as day laborers and herdsmen, and extended families often live and work together. Jordanian women are freer and better educated than in most Arab Muslim countries.

Ministry Obstacles

Like members of religious groups all over the world, Jordanian Muslims equate "Christianity" with a worldwide political system. It will be difficult to get them to focus on Jesus Christ.

Outreach Ideas

There are traditional Christians among the Jordanians that could be witnesses of Christ's grace to the Muslims if they would humbly and lovingly approach them as Christ's ambassadors.

Prayer Focus

The Jordanians who live in poverty would benefit from new job skills.

Pray that the believers in Jordan gain a vision and burden to share Christ with their neighbors. Pray for a church planting movement among the Jordanian Arabs in this decade. Ask the Lord to make the Jordanian Arabs into a ripe harvest field in the kingdom of God.

SCRIPTURE All these things my hand has made, and so all these things came to be, declares the LORD. But this is the one to whom I will look: he who is humble and contrite in spirit and trembles at my word. Isaiah 66:2, ESV

PRAY for the Lord to give humility and a fear of him to this people group that will lead to them being blessed beyond measure.
