

# Nung in Vietnam

The Nung support themselves through agriculture and are also known for their handicrafts. They have an abundant wealth of folk art and cultural activities including folksongs and alternative songs which are known as sli. The smooth melodies of the sli are harmonious with the natural sounds of the forests and mountains. This type of folk song is a combination of verse and music. The Nung mainly worship their ancestors, spirits, saints, Confucius, and Kwan Yin (a Buddhist goddess).

## Ministry Obstacles

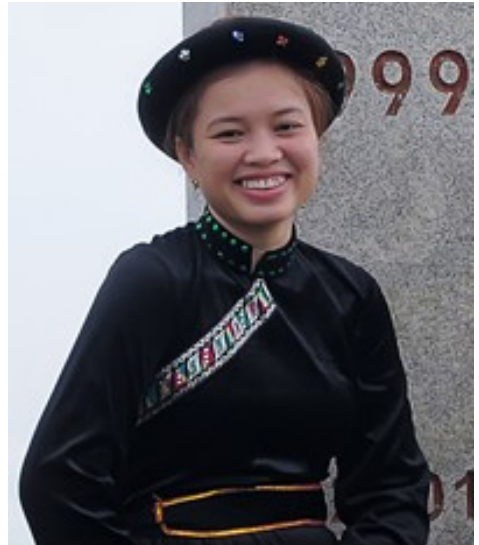

Many Nung may be hesitant to follow different beliefs, especially because of the feeling that it will disconnect them from their cultural roots. However, some have followed Christ in the past.

## Outreach Ideas

God's word could be shared with the Nung through stories from the Bible and by establishing personal connections with loving believers.

## Prayer Focus

Pray for the followers of Christ among the Nung. Pray that they become strong disciples, excelling in
