

Northern Pashtun in Chile

"Passionate" is a word that well describes the Pashtun tribes, which originated in Pakistan and Afghanistan. They are said to love or hate with equal intensity, displaying fierce loyalty to friends, yet defending the right of "badal" (revenge) or blood feuds with enemies. Since Chile is a peaceful, prosperous nation, the Pashtuns who were used to constant war are learning to enjoy peace and prosperity there.

Ministry Obstacles

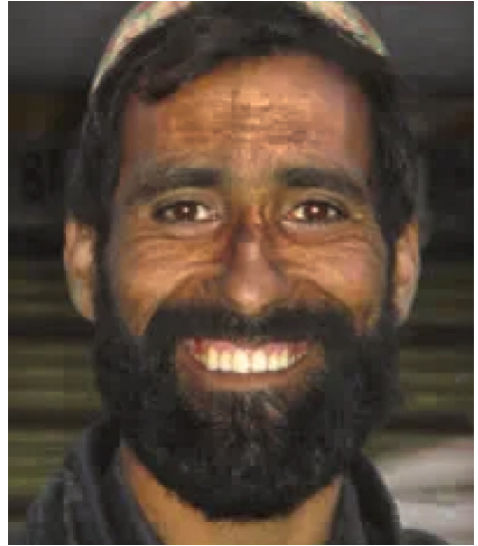

Most Pashtuns in Chile, having been there for a long time, are less likely to be open to change than they were when they first arrived.

Outreach Ideas

There is a strong Christian presence in Chile that can potentially affect Muslim communities that are looking for spiritual satisfaction.

Prayer Focus

Pray that the few Pashtun believers would reach out to the Pashtun Muslims around the world. Pray for the Holy Spirit to kindle a desire among Pashtuns for true spirituality that only comes from a relationship with Jesus Christ. Ask God to call
