

# Kyakala in China

**A**ssimilation occurs when members of minority groups have absorbed the characteristics of the dominant group and become indistinguishable from them. The Kyakala are the remnant of a people whose assimilation into surrounding nationalities was hastened by the large populations of their neighbors. The Kyakala were initially consumed into the Manchu nationality, which in turn has largely been swallowed up by the Han Chinese.

## Ministry Obstacles

Once a people dominated by shamanism, the Kyakala are nonreligious although many elderly Kyakala retain ancestor worship practices in their homes. Their hearts are set on things below, not things above.

## Outreach Ideas

The Kyakala would now best be reached by using the Chinese Scriptures. They can obtain these.

## Prayer Focus

There are some Christians among the Kyakala who can share the spiritual blessings of Christ with their families.
