

Muslim Thai in Thailand

The Southern Thai people live in a cultural transition zone where Islam and Malay cultures are to their south, and Thai languages and Buddhism are to their north. Southern Thai Islam people speak a Thai language, but they are Muslims like their Malay neighbors to the south. They are torn between two worlds. Unfortunately, they have not had the chance to turn their hearts to Jesus Christ and make him the center of their identity.

Ministry Obstacles

There are no known believers among the Southern Thai Islam people, so if they are going to hear the gospel, it will have to come from someone outside their community.

Outreach Ideas
