

Dombki Baloch in Pakistan

The Eastern Baloch are part of a much larger population of Baloch who came to their homeland in the 12th century. Their name, Baloch, is shrouded in controversy. Some say it means nomad while others claim that it is an old Persian word meaning the cock's crest. Their history is just as mysterious. Some have traced their origins to Nimrod, son of Cush (Noah's grandson).

Obstacles

For centuries the Eastern Baloch have been entirely Sunni Muslim. They doubt the accuracy of the Bible or anything not sanctioned by their religious leaders.

Outreach Ideas

Veterinarians and medical professionals can help the Eastern Baloch with their practical needs. In doing so, they can be salt and light, allowing these Muslims to see how the Holy Spirit transforms people's lives.
